Dissertation in Philosophy of Science: "Functionalism and Philosophy of Mind".

1986-87 1-year Grant (through the University of Padova) - University of California, San Diego, CA (USA)

New media, philosophy of science, cognitive psychology, neural networks.

DIGITAL SKILLS

Digital Project Management:

- Definition of methodologies, requirements, technologies, best practices for the development of digital applications and services;
- Developing the digital strategic approach to be presented to the client brand.
- Client advising and consulting;
- Team management in different settings (digital companies, university);
- Knowledge of project performance measurement tools and of the main research tools for target definition;
- Knowledge of brainstorming methods supporting creative processes.

E-learning:

- Design, development and management of online courses using different authoring tools: WordPress, Moodle, Google Sites;
- Design and development of virtual e-learning environments: in Second Life, with Augmented Reality;
- Instructional design experience: designed and/or managed a variety of courses on different topics: literature and media, technical writing, creative writing, technologies for active ageing.

Web Content Management & Development:

- Writing for new media: digital conversion of traditional texts, subjects and scripts for multimedia apps;
- Web writing for web-related applications, digital storytelling, guides, presentations, hypertexts, e-books;
- Usability & UX;
- Definition of standards for web-related contents;
- Interface design for adaptive media;
- Design, development, testing, management and promotion of web sites;
- HTML, PHP, CSS, MySQL;
- Content Management Systems: WordPress, Drupal;
- SEO, SEM, Google Analytics, Google Tools and Services, AdWords.

Software:

Augmented Reality:

Unity, Visual Studio, C#, HoloToolkit, HoloLens.

Project management and Mind mapping tools:

Microsoft Project, Mindjet Manager, Microsoft Visio.

Office 2007/19:

Word, Access, Excel, PowerPoint, Outlook, OneNote.

Image editing and management:

Adobe Photoshop CC2018.

CMS-LMS:

WordPress, Drupal, Moodle, Google Sites.

E-learning:

Blackboard, Moodle, Micrograde, iSpring Suite, Zoom, Web tools for e-learning.

Video & Multimedia development:

Vegas, Sound Forge, Acid Music Studio, DVD Architect.

OBJECTIVES

I have nearly 20 years of experience in many aspects of online and offline digital media production and management. I have a solid interdisciplinary view, and I'm strongly committed to continuous learning. I'm flexible, with strong analytical skills and communication skills and a predisposition for abstraction; I'm solution-focused and team-oriented. I'm used to working within an international environment. I'm seeking a position in the areas of *Digital Project Management, Education & E-learning, Digital Media*
